## EXPERIENCE

### Tech Elevator
**C# Developer**
*Expected graduation date April 2017*

- Taught and mentored by Josh Tucholski
- Software Development: C#, ASP.NET MVC, JavaScript, HTML 5, CSS 3, and SQL
- Core Competencies: OOP, Database Design & Creation, Unit Testing, TDD
- Frameworks: .NET, MS Test, Cucumber, Bootstrap, jQuery, Ninject, Selenium WebDriver

### The Huntington National Bank
**Branch Relationship & In-Store Banker**
*Oct 2011-Dec 2016*

- In-Store Bankers are hybrid roles comprised of Personal Banker and Teller. Able to learn new systems quickly and teach them out to coworkers.
- Built relationships to increase profitability for the branch. Closed over 3 million in home loans, and became the go-to-guy for many local businesses banking needs.

### Best Buy
**Mobile Sales & Home Theater Senior**
*Oct 2005-Oct 2011*

- Learned about cutting edge technology on a daily basis and how it could impact individuals lives in both Home Theater and Cell Phones.
- Developed teachable sales techniques to increase individual sales and total overall revenue for the store.

### Clear Channel Sandusky
**Production Director & On-Air Talent**
*Feb 2004-March 2008*

- Responsible for all non-live/non-music content on across three different radio station formats. This included creation of commercials, station imaging and ensuring each spot ran as intended. Extremely detailed oriented.
- On-Air shifts 6 days a week across the three formats, "Mix", Classic Rock and sideline reporting on Sports Talk.
